I wouldn't know I only go there for work. But yesterday I was seriously done and not having it so I was raging after my scene

Why what happened?!

The guy was way too rough with me. He was dragging me around and choked me with my panties, slamming my head down on the table and was just WAY too rough and the scene didn't even call for it. I was so enraged that when he pulled me down to kiss him I just spat in his face

I literally just was so disgusted by him I spat at him.

Like I'm into the rough kinky sex, but with someone who I have chemistry with and if we talk about boundaries and everything but he just went full on war machine

Ew that's disgusting ugh I don't like you're put in those situations at all I hope you didn't finish it

Who was it

It was Markus Dupree. He doesn't shoot much anymore, he's Russian so he was talking down to me in fucking Russian too on top of everything and nobody on set said shit and I was literally in panic mode so I froze and didn't say no or stop

I just wanted it to be over

Yeah you shouldn't even go through with those not finish them that's basically rape

Borderline

I was looking at the sound guy with "help me" eyes and he was looking back at me with "I'm sorry" eyes

Ah that makes me so upset I despise that that's not okay at all

It felt like rape but I was in a "fuck it" mood and I was just pissed and wanted to get paid for the bullshit I went through

You can't put yourself through those things anymore if it happens just call it off and leave

I know I need to speak up for myself. Ugh I always talk about being strong and my own boss but I didn't say anything yesterday and I should have

I just cried and took a xanax and texted the director after saying "that wasn't cool"

Yeah that's basically rape in a loosely controlled setting Personally that should be illegal but

Totally. Idk if you heard about the Nikki Benz news a few months back about how she was basically raped on a brazzers set too and when she spoke out about it, whenever I was on set all the directors would talk shit about her but now I understand and I'm like...no...you let that shit happen and everyone in the room aside from the male talent knew it was wrong

No I never heard that
That's disgusting that should be
criminal
That business is so sleazy honestly

Industry I should say

Yeah it is. And I thought I was good
because I'm established and crews
know how I am but yesterday was
totally unprofessional and I wanted
to die

Yeah you'll soon realize people
don't care and they'll take
advantage and push boundaries no
matter what just to see if they can
get away with it

I swear to god I'm not letting that
shit happen to me again

But I was in Vegas and we were
already shooting most of the day
and if I would have walked off set I
wouldn't have been paid :(

What the fuckkkk

Is that from the scene ?!

Yes, that's from yesterday, I just got home from the airport and took these

Can you report that
That's just not ok at all

No. When I did the sign out, which is what they record for these reasons specifically, I said that everything went fine and I had a good time. But I was holding back tears because you don't get paid if you say you were uncomfortable

Dudeeeee stand up for yourself
that's so corrupt you shouldn't have said that ughhh

You need to bust these people

I'm weak I can't

You CAN

This is Kevin. I am assuming you heard about Mercedes

Dec 15 2:45pm 

Hello Kevin, as much as I wanted to believe it wasn't true I did. I'm so sorry. She was always there for me and a beautiful soul.

Dec 15 3:29pm

I have no words. I am broken. Between us I am pursuing legal action against some of her bullies. I got her phone back today. She took screenshots of everything. All the bullying. I have no doubt now they killed her

Dec 15 3:30pm 

She is back home with me now. She requested to be cremated and her ashes spread on this lake in Nova Scotia which I will do once winter passes.

Dec 15 3:33pm 

I'm very sorry Kevin. I seriously couldn't believe it, there was a side to her not many people knew and she was such a sweet and caring girl, all of my flaws she always accepted me and helped me get through it. She really was my best friend. I'm not sure if she told you about her scene with a man named Markus Dupree. But what he did to her was absolutely unacceptable. They better not release that scene to the public.

Dec 15 3:34pm

I know. I tried many times to get her to do something about it but she wouldn't. And she wouldn't let me pursue either. She demanded I let it go. I informed the company after her passing that they better not release the scene

Dec 15 3:35pm 

I'm glad you texted me that because it shows she told others
